

Handcross Bowls Club

Newsletter Issue 5 - May 2022

Welcome to the May 2022 issue of the Handcross Bowls Club Newsletter.

The new bowls season has started, and matches are now coming thick and fast. Our low membership is starting to tell, and with some members away on holiday or supporting illnesses, our club captain is struggling to name a full team for each match.

Already we have had to cut down a match to 3 rinks of Triples, instead of 4 rinks.

We do hope that all Full Members will support our club and sign up to as many matches as they can.

Public Open Day

A very good turn out was seen at our public Open Day on 23rd April.

Several visitors attended the event, and although the general turn out was good, that has not, as yet, reflected in our membership increasing by any significant amount.

We have decided to have a follow up day on 7th May, mainly to invite some of those that visited us before but were undecided as to whether to sign up or not.

First New Member for 2022

Please welcome Tony Popham to the club, as our first but hopefully, not last, new member for 2022.

I would ask all current members to assist Tony in any way that they can, and offer him any support as necessary to ensure that he enjoys his membership with the club.

Tea Rota

The new Tea Rota is now in full swing, with the list of Tea Leads posted on the kitchen wall, and also available on our new web site.

We hope that all members will support this small contribution to the club, and remember, if you cannot support your allocated day, then please try and swap with another member.

Enjoy your bowls in 2022.

Please sign up for as many matches as you can.
